If you answer “YES” to any of the above questions, please keep your student home and call your primary care physician.

Additional Considerations:

- Teach your children to wash their hands frequently with soap and running water for 20 seconds.
- Students in grades Pre K -12 must wear cloth face coverings in the school building, except when doing so would inhibit the individual’s health. Face coverings should be worn by children in grades pre-k through 3rd grade, except when doing so would inhibit the individual’s health.
- Teach your children to cover coughs and sneezes with tissues or by coughing into the inside of the elbow.
- Teach your children to practice physical and social distancing by staying at least six feet away from people other than your family.

If you have questions, please contact your school nurse or child’s primary healthcare provider. You can also call your child(ren) school.
