Health and Wellness

Christina's Back to School Guidance

Key Mitigation Strategies

Follow the Recommendations of the CDC by:

Indoor masking
for EVERYONE

Frequent and ongoing testing
for all students and staff

Quarantining for
close contacts

Health and Wellness

Key Mitigation Strategies Continued

Vaccinations for Eligible Populations

Social Distancing
When at all Possible

PPE

Home Health Survey

- Activating COVID/CRISIS Response Teams in All Schools

Academics & Equity Updates

Dr. Deirdra Joyner

Dr. Gina Moody

Academics & Equity Updates

- Professional Learning Week included orientation to our new curriculum materials for reading and math.
- Opportunities for Schoology professional learning will continue to be accessible as we lean on the platform, district wide.
- Social Workers have been identified for every school in our district to assist with resources and outreach.
- Additional personnel, in some cases, are also onsite to support families, students and staff.

CSD Virtual Academy

- This is not a Room/Zoom arrangement like last year.
- Teachers are assigned to the Virtual Academy for fully remote classes
- 526 students enrolled, grades KN-12
- 76% of the original applicants accepted the offer to enroll
- Wait List students - IF we are able to hire more staff, then we will add students, as appropriate.
- At this time, we are at capacity. If a student is not enrolled in the Virtual Academy, then they should attend in-person learning at the assigned school.

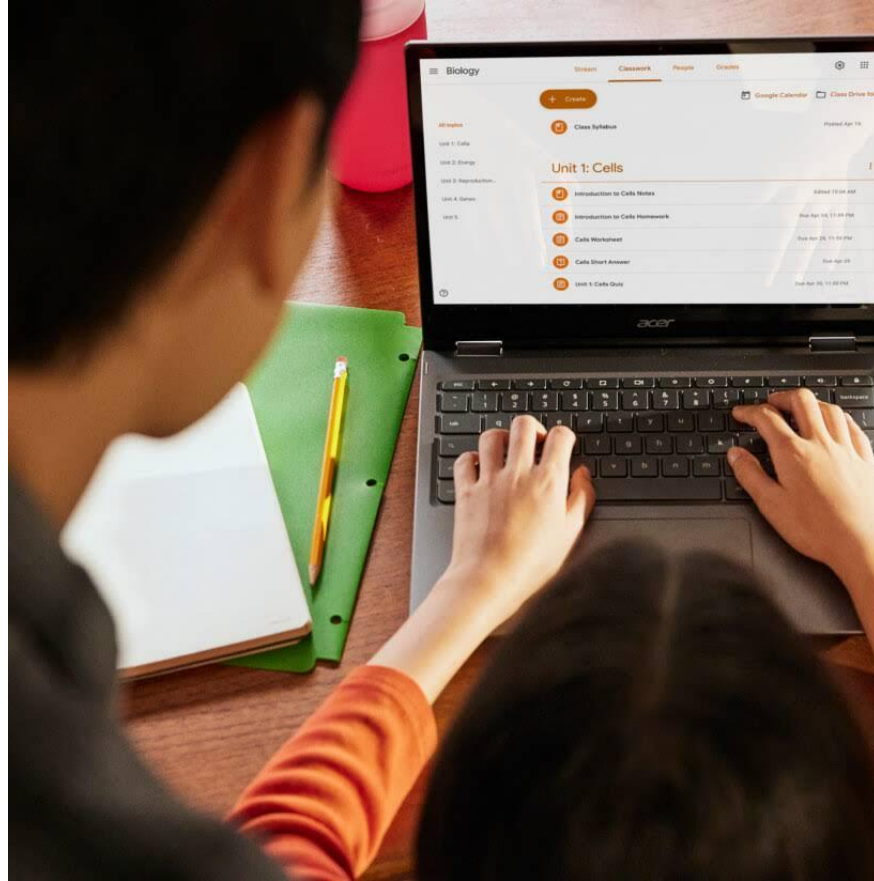

Special Population Updates

Rebecca Ryan

Special Populations Update

- We had close to 1000 students with disabilities participate in summer programs this year. That included both in-person and virtual instruction.
- Many parents also took part in the tutoring offered through the summer.
- We were excited to provide opportunities for students to continue their learning through the summer months.
- School started this week for all of our special programs.

Student success and well-being remain our top priority.
