RE: Revised Elementary Grading Policy

Date: May 18, 2020

Dear Christina Families,

Sending best wishes to you and your loved ones during these challenging times. We look forward to the day when we all can reunite on behalf of teaching and learning for all of our students. We wanted to take this time to provide guidance around how our elementary schools will handle grading at the end of this school year.

Here are some important dates for the 4th marking period:

| Important Dates | Schools Following Traditional Calendar | Schools Following Extended Year Calendar (Bancroft, Bayard & Stubbs ONLY) |
|--|--|---|
| End of 4 th Marking Period | June 10 th | June 23 rd |
| Progress Reports Available for Families via Home Access Center | June 23 rd | June 29 th |

For our 4th Marking period, students will receive a Progress Report, instead of a traditional report card. This progress report indicate your child’s end of year status for the next grade level using data and information collected up until March 13, 2020. This data and information includes academic work and attendance.

Participation in remote learning is still encouraged and recommended to keep students engaged, learning and working during these times. In addition, new work packets are available every Wednesday from our meal distribution sites between the hours of 11:00 am – 1:00 pm.

RICHARD L. GREGG
Superintendent

If you have been unable to access remote learning or our weekly packets, your child's progress will still be reported as of March 13, 2020. There will be no academic consequences for any student who does not participate in remote learning.

We appreciate all you do to partner with us to keep our students learning. These critical times have given us the opportunity to deepen the relationship and bond between home and school. For that, we say THANK YOU.

If you have any questions about grading or our 4th marking period progress report, please contact our office or your building principal.

We look forward to seeing you again, soon.

Sincerely,

Dr. Deirdra Aikens
Senior Director, Teaching and Learning
