Workshop:

The Delaware Department of Education is offering a series of free virtual family education workshops ([linked here](#)) called "Parent as Coach, Developing A Family Dream Team." Facilitator Darrell "Coach D" Andrews is a nationally acclaimed speaker, life coach, and father of four. Over the course of the next six months, Andrews will offer a series of virtual workshops with hopes of motivating and providing caregivers with user-friendly strategies to assist them in maximizing their students' overall academic success. The first workshop, "Creating A Home Culture of Success Amid Crisis," will provide families with powerful strategies for maintaining an effective balance for tasks of Gauger Cobbs Middle School such as remote/hybrid learning, work, and other family responsibilities. Families may join whatever night works best for their schedules.

Cafeteria/Food Services: ([Click here](#) for more information on food services)

Students in the school will be given breakfast and lunch. For students who are either at home, in the virtual academy or any other person under 18, please see a listing of food service options.

Transportation:

Please remember that your child will need to wear a mask and to ride the bus that they are assigned. Questions about the bus number or information should be directed to our school secretaries at 302-454-2357 or district transportation can be reached at 302-454-2281, press zero for dispatch.

Thank you for supporting our teaching staff. We ask that you please make sure that your child is logging into each class each day. We have seen a drop in attendance and I want to make sure that everyone is participating in their Zoom sessions.

1. If you have a problem with your child's teacher, please remember to communicate first with the teacher. If you have any issue with anything else, please use the link above to find the person who can support you.

Thank you for your support and we look forward to continuing to serve your child. Have a great day!
