

Connect more students to distance learning.

Get unlimited 4G LTE wireless internet connectivity at a discounted rate for eligible K–12 public school students.

Verizon is offering unlimited 4G LTE wireless internet access¹ at a discounted rate to participating K–12 public schools.²

The digital divide is very real in communities where students do not have the devices and lack the internet access they need to be connected with their schools. This connection has always been important but it's more important now than ever before.

Verizon is proud to extend this program to enable distance learning for hundreds of thousands of K–12 public school students.

The future of education is looking blended, according to a recent [eLearning Industry](#) article.

“Newfound proficiency with eLearning and appreciation for its potential points to the real future of learning – a blend of approaches that best meet the needs of each specific learner population.”

Unlimited 4G LTE Data for MiFi/Jetpack devices

- Unlimited 4G LTE Data Plan (Data speeds may be deprioritized, not throttled in times of high network congestion.)
- Low-cost service and MiFi/Jetpack pricing
- Schools/Districts must sign an Authorized Customer Agreement
- Schools/Districts are responsible for provisioning the products and services with a mobile device management software for compliance with the Children's Internet Protection Act (CIPA)
- 3-month minimum activation duration requirement per line

To order, contact your local Verizon Government Account Manager or call 800.317.3841.

For any ITT72 state contract related questions, please contact Ashish Patel, Operational Services Division Strategic Sourcing Manager at ashish.s.patel@state.ma.us or 617.720.3190.

For more information about Verizon Distance Learning, visit enterprise.verizon.com/solutions/public-sector/education/distance-learning

¹ This program is based on an addendum to statewide contract ITT72 between Verizon and the Commonwealth of Massachusetts executed on July 30, 2020.

² Offer valid only for public kindergarten through twelfth grade (K–12) schools in these eligible states: Massachusetts, Connecticut, Delaware, New Hampshire, Pennsylvania, Maryland, Rhode Island, Vermont and Washington D.C.

Coverage includes the Verizon Wireless 4G LTE network. Data usage on this rate plan is not subject to speed reductions (“throttling”) within a given billing cycle. However, in the event of network congestion data usage on a line may result in slightly slower download speeds relative to another user. To ensure users are able to maximize their high-speed data use for business/educational applications, video applications will stream at 480p. Only 4G LTE devices approved for use on Verizon Wireless’ network can be activated on this plan. This plan is available until the Coronavirus (COVID-19) Pandemic National Emergency has been lifted or a mutually agreed upon date between the Commonwealth of Massachusetts and Verizon. Equipment is limited to devices purchased from Verizon Wireless at the cost designated in the Authorized Customer Agreement or directly from an Original Equipment Manufacturer. © 2020 Verizon.
