

TEST TO STAY (TTS) PROGRAM

FREE TESTING FOR QUARANTINED STUDENTS AND STAFF WHO ARE NOT VACCINATED

The Christina School District will be offering “Test to Stay (TTS),” a daily testing opportunity that will allow identified close contacts, who are not vaccinated, to remain in the classroom instead of being quarantined and missing instruction. Families with students recently in close contact with a person who tested positive for COVID-19 are encouraged to participate in this opportunity.

Students must have a negative test result in order to attend school the following day while in the quarantine period. Students will continue to test daily until the quarantine period ends. Students who are quarantined will not be able to attend school if they don’t participate in this program.

REGISTRATION

Students must be registered to participate in our weekly COVID-19 screening program.

To register, complete the COVID-19 testing consent form on our website.

THE PROCESS

Students asked to quarantine because of close contact with someone who tested positive for COVID-19, can participate in TTS, if s/he is registered in our weekly screening program.

Testing will be completed in a matter of minutes using a nasal swab.

THE RESULTS

Test results will be sent to the parent’s email address.

Parents are required to forward the email, including the child's names, date of birth, and school, to the district mailbox -
