RELATED ARTS: PHYS ED, MUSIC, LIBRARY, & ART

PHYS ED

In the Spring of 2020, when the world's schools were forced to use remote learning due to the pandemic, OPEN National Field Day brought enthusiasm and optimism to more than 4 million students in 11,000 schools all around the world. In 2021, OPEN built on that momentum to unlock the power of physical activity, and they helped reach more than 7 million students worldwide, including our very own Woodchucks! To round out our school year, we teamed up with OPEN to bring National Field Day back to Jones on June 2nd, as did the majority of our elementary schools in Christina School District. We will round out our final days of this school year by celebrating the importance of staying physically active over the summer in order to continue our journey of obtaining lifelong physical and mental health.

MUSIC

In music, we are continuing to learn about music notation, reading rhythms and notes on the MUSIC STAFF. The song, "Do, Re, Mi" from THE SOUND OF MUSIC has helped reinforce their music reading of the C Major Scale. All classes are reviewing all musical concepts, terms, symbols, vocabulary, and skills that have been taught throughout this year.

I HOPE EVERYONE HAS A GREAT SUMMER!

LIBRARY

I want to say thank you so much to all students for your hard work in art this year! And thank you to all parents for supporting our young artists here at Jones!
