# Christina School District BAYARD & MAURICE PRITCHETT MENU SEPTEMBER 2025

## Protein Power!

Steaks and hamburgers and other kinds of beef are loaded with protein. But a lot of red meat is also very high in fat and saturated fat. That's why experts tell us we should only eat beef once in awhile. Luckily, there are lots of other good sources of protein. Six ounces of salmon, for example, contains almost as much protein as a 6-ounce porterhouse steak -- but with less than  $\frac{1}{2}$  the fat and  $\frac{1}{4}$  of the saturated fat. Can you make all of the protein sources in the list fit in the spaces in the crossword puzzle?

Menu subject to Change. This institution is an Equal Opportunity Provider.
